Savanna Rucker opened the presentation by referencing the Independent Auditor’s Report letter (page 2 & 3), which was issued on February 11, 2020. It addresses the overall scope of audit.

Highlighted on page 15, the Nye County Water District’s Total Revenue (actual) was \$296,118. Total Expenditures (actual) were \$225,661. There was an excess of revenues in the amount of \$70,457. The End of Year fund balance for Fiscal Year 2019 is \$388,872.

The final page of the Independent Auditor's Report (comments-page 36) states that the Nye County Water District conformed to all significant statutory constraints on its financial administration during Fiscal Year 2019. There were no noted material weakness and no significant deficiency in internal controls.

Chairman Dave Hall asked a clarifying question relating to PERS calculation. Savannah referenced page 21 of the Independent Auditors Report (section 7-e), citing that additions to / deductions from PERS's fiduciary net position have been determined on the same basis as they are reported by PERS. For this purpose, benefit payments are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.
