

NYE COUNTY REGIONAL TRANSPORTATION COMMISSION

MINUTES

April 10, 2018

8:30 A.M.

MEMBERS PRESENT: Commissioner Schinhofen
Commissioner John Koenig
Mr. Blundo

PUBLIC WORKS STAFF: Mr. Tim Dahl
Ms. Lynnette Atkinson

Commissioner Koenig called the meeting to order at 8:30 a.m.

PLEDGE OF ALLEGIANCE

GENERAL PUBLIC COMMENT:

No public comment at this time.

COMMISSIONER/MEMBER COMMENTS:

Mr. Blundo read a short letter from one of his constituents thanking the Road Department for fixing her driveway on Calvada and Wagon Wheel. Mr. Dahl stated that he would pass it along. Mr. Blundo also thanked Public Works for taking care of issues as they arise. Commissioner Schinhofen stated that he would like us to bring forth a letter of support regarding the I-11 through Tonopah. Mr. Dahl stated that there are two separate topics that we are talking about. One is the beautification project and one is the I-11 corridor. Commissioner Schinhofen stated that he is talking about the beautification Project. Mr. Dahl stated that he has talked to the Engineer in Tonopah and asked that he be a part of the meeting that is coming up on the 18th. NDOT will be talking about the ideas they have for the project. Mr. Dahl stated that he has not seen the plans but has requested a copy before the meeting. Commissioner Schinhofen asked if he could see the plans also and to let this board know of any other ideas that we may have since we have two voices, this board and the Board of Highway Commissioners.

Commissioner Schinhofen asked if Tim would look into the 2 Right of Ways: one on Hawkins and one on Mary Lou right off of Quarterhorse.

Commissioner Koenig asked about the budget for this year and wants to make sure that the money allocated to the Veterans' Transportation is carried over into this year's budget. Commissioner Koenig stated that last year they didn't really need the money but now that all three busses are up and running they will need it for this upcoming fiscal year. He also stated that they have been very successful this year but they may need it for another bus.

Mr. Dahl has an update for Mr. Blundo regarding the website and calls for pothole complaints. Mr. Dahl stated that there were 137 call-in complaints and 41 online submittals from October 2017 to March of 2018. He also stated that there are plenty of people using both ways of communication. Mr. Blundo asked what the difference was in response time between online and call-ins. Mr. Dahl stated that they are basically taken care of the same way. The complaints get forwarded to the Road Supervisor and he puts them on his list or fixes. Mr. Dahl stated that the online form is handy. Mr. Blundo asked if we had a mobile app for reporting potholes. Mr. Dahl stated that we do not but he will get with the Public Information Officer and see what we can do.

Mr. Dahl gave an update on the Homestead Project from Thousandaire to Manse. He stated that he sent the package to Finance last week but then remembered that we had been provided participation dollars for Zolin Ave. Tim stated that he pulled it back so he could include that in the advertisement and bid package.

FOR POSSIBLE ACTION: Discussion, deliberation and possible decision regarding the approval of the minutes from April 10, 2018.

Mr. Blundo made a motion to approve the minutes. Second by Commissioner Koenig. Approved.

FOR POSSIBLE ACTION: Discussion and decision regarding the test results of Pahrump Valley Boulevard and staff recommendation on the pavement project.

Commissioner Schinhofen stated that he has seen the back-up. Mr. Dahl stated that in short of complete removal and repair, because we all know what that costs per mile; Tim recommends that we do the same thing that we are doing on Homestead and that is to remove the material, remove the asphalt and put in 12" pit run, 6 " Type II and 3 ½" of AC.

Commissioner Koenig made a motion to approve Tim's recommendation. Mr. Blundo Second. Approved.

FOR POSSIBLE ACTION: Discussion and decision regarding the updated Priority List.

Mr. Dahl stated that the list that is in the back-up has been previously approved and the second spreadsheet is more of a pavement preservation list that excludes Homestead and Pahrump Valley because they are rebuilds and not preservation projects. Tim stated that he wants to get the Boards blessing on the second list so that we can indentify whether the roads are preservations or projects. Commissioner Koenig asked why we were doing the Bin station Road in Belmont. Tim stated that it was to provide a service to the residents so that they are not dusted out when people use the road to get to the Bin Station. Tim stated that it's only about 1500 feet. Mr. Blundo made a motion to accept the second list. Commissioner Koenig second. Approved.

FOR POSSIBLE ACTION: Discussion and decision regarding the May 8th RTC Meeting being moved due to the 2018 Transportation Conference in Las Vegas, May 8th-9th.

Tim stated it is the pleasure of the Board. Tim stated the 16th would be good. Commissioner Koenig made a motion for the meeting to be moved to the 16th. Mr. Blundo asked if we could move the time to 9 am. He also seconds the motion for the 16th. Approved.

GENERAL PUBLIC COMMENT: (second)

ADJOURN:

Respectfully Submitted,

Lynnette Atkinson
