Mr. Bolling stated that he is going to have a presentation at the next meeting regarding the estimated costs for all the Nye County Road upcoming scheduled road maintenance. Mr. Bolling

stated that he has gone through the NDOT and Street & Highways recommended intervals and we are currently not meeting those standards; however, those are just preliminary reports.

Commissioner Blundo asked if this presentation was going to include a strategy to move forward.

Mr. Bolling stated that he is trying to keep us where we are currently at and not degrading anything more than what we already have.

Commissioner Blundo asked for a follow-up report on the next Agenda for Bell Vista Road. He would also like to know what other roads would be good candidates for that Grant. Mr.

Schinhofen stated that he understands we are 3-4 million dollars short every year for just maintaining the roads we currently have and thinks that we should be pushing for Diesel Tax. He would like to have this Board write a recommendation to the BOCC to pass it. We would be receiving 60-65% revenue just from the 95 Corridor. Mr. Schinhofen would like staff to research this and see if it's an RTC item or a BoCC item.

DISCUSSION AND DELIBERTATION REGARDING THE PROPOSED PLACEMENT OF SOLAR STREET LIGHTING

Commissioner Blundo asked if we had purchased all ten lights. Mr. Bolling stated yes.

Commissioner Blundo Mr.

Dahl stated that they chose lights that they thought would be beneficial. Tim also stated that they have put up a temporary light at what will be the One Stop Shop on the Calvada Eye. He stated that it works well. He would like to use this list as the testing of these solar lights. As soon as the poles arrive, we will start installing them.

Mr. Schinhofen stated that he supports getting the other 10 lights. Commissioner Blundo asked what the cost was. Mr. Bolling stated that the cost was \$6,500.00. Commissioner Blundo wants to move forward also.

Commissioner Blundo asked that we add/fix or upgrade the light at Gamebird/Blagg. He would also like to add Blagg/Jaybird.

Mr. Dahl stated that he plans to put one at Gamebird and 160.

Commissioner Schinhofen made a motion to purchase 26 lights for various locations that were discussed for the County. Commissioner Jabbour second. Approved.

Further discussion, Commissioner Jabbour stated that Tonopah promotes the dark sky, but he thinks that we should have a few extra on hand in case Beatty or Amargosa may need lighting.

Mr. Schinhofen made a motion that we come back with an estimate so we can move forward.

Further discussion, Commissioner Jabbour stated that it looks like it may cost around 4.6 million

and he thinks that because Frontsite is planning on developing in the future then he doesn't see how this will help the tourism in Pahrump. He also stated that the maintenance for the road will fall on the county. Mr. Schinhofen stated that we would receive room tax when and if Frontsite does develop. Commissioner Jabbour stated that he will go along with the study. Mr. Dahl stated that Frontsite has submitted a traffic analysis, so they are moving forward. He also asked for clarification on this motion and that is for staff to begin conversation with BLM regarding the BLM ROW applications and what that might take. Mr. Schinhofen stated yes.

GENERAL PUBLIC COMMENT: (second)

Ms. Jaynee Reeves, citizen of Nye County would like to see a beautification project along 160. She was hoping that we could talk to NDOT about doing something along the 160 from Homestead Rd. to Home Depot. She feels it would make our community feel nice. Mr. Dahl stated that in the past the public has asked for beautification in the past, but we have not had any luck with NDOT. They will consider it only if we pay for it. Mr. Schinhofen stated that NDOT next big project is going to be from Trout Canyon to Rainbow. Maybe we could see if they could some statues or rockscapes from Homestead on in. Mr. Schinhofen asked Tim to have discussion with NDOT. Commissioner Blundo stated that he will call a "Special Meeting" if NDOT would like to come out and have further discussion regarding this topic.
